

National Group Meeting on “Impact Assessment of Technological Modules under Farmer FIRST Projects” at ICAR-CSSRI, Karnal

A three days National Group Meeting on “Impact Assessment of Technological Modules under Farmer FIRST Projects” was organized at ICAR-CSSRI, Karnal during February 12-14, 2019. A total of 37 scientists from Farmer FIRST Project (FFP) implementing centres under ATARI, Jodhpur (Zone-II) and ATARI, Ludhiana (Zone-I) participated in the meeting. The PIs from FFP implementing centres made their presentation with major emphasis on approach process, methodology and indicators for analysing qualitative and quantitative impact assessment of demonstrated technologies. Dr. Shiv Kumar, Consortium Leader from NIAP, New Delhi with his team discussed about the data management and analytical tools to be used for assessing the impact of different technological modules/interventions. Dr. Parvender Sheoran from ICAR-CSSRI coordinated the programme.
